

Episcopal Diocese of Massachusetts Technology Requirements for Convention

You will need the following equipment to fully participate in this year's Diocesan Convention:

- Computer
- High speed internet

Optional:

- Computer camera
- Mic (built into computer or external)
- Mobile device or tablet for the event and voting apps

What to expect:

- All links will be shared on the event website and linked in your agenda.
- You will be able to access all event materials on the event website and mobile app.

Have questions or concerns about the technology required? Please fill out this survey and we will follow up with you: https://edom.formstack.com/forms/technology_for_convention_2020.

If you have delegates or participants in your community who are not seeing this information, please contact the Convention Office at csmith@diomass.org or 617-482-4826 x 406.
