OUR NEW DIOCESAN MISSION STRATEGY

Our new diocesan mission strategy calls us to embrace brave change by reimagining our congregations to better respond to the movement of the Holy Spirit in our time and place; building our relationships to unite as one body in Christ; and engaging our world to reconcile ourselves and all people to one another, and all of Creation to God.

REIMAGINING OUR CONGREGATIONS:

How will we share our faith and shape our common life for a future with hope?

BUILDING OUR RELATIONSHIPS:

How will we work across difference to build each other up in love?

ENGAGING OUR WORLD:

How will we seek justice and peace with neighbors near and far?

Imagine these things in your own thoughts and prayers.

Imagine these things, as you read the Bible and as you read the news.

Imagine these things, in conversation with other members of your congregation or ministry groups.

Imagine these things, in conversation with others outside the walls of your church.

Imagine embracing brave change, as we live into our new mission strategy, with God's help, and the companionship of one another!

"Glory to God whose power, working in us, can do infinitely more than we can ask or imagine..."

(Ephesians 3:20)
